The 3 simple steps · Daily: good character and thoughtful silence

This badge records that the name below kept long periods of thoughtful silence for **30 consecutive days**, and only spoke when it was better than staying silent.

WHAT WAS PRACTISED

Observing long periods of thoughtful silence, and only speaking when your words are better than staying silent: words that add fragrance and value. In the silence, find Allah: Al-Wājid (The Finder) gives you the clues and tools to find Him.

WHAT WAS AVOIDED

Speaking when silence would have been better

> *The Messenger of Allah ﷺ said, 'O Abu Dharr, shall I not inform you of two virtues which are lighter on your back and heavier on the scales than any other? You should have good manners and observe long periods of silence. I swear by He in whose Hand is my soul, no one can perform better deeds than these two virtues.'*
