Rules to Enlighten the Mind with the Prophetic Mindsets

Level 1	Level 2	Level 3	Level 4	Level 5	Level 6	Level 7	Level 8	Level 9
Acting upon Good Thoughts	Deepening the Presence of Allah through the Names	Developing Good Opinion	Benefiting from seeing the defects of others	Deeper wisdom behind bad traits	Mindset to benefit in the day	Mindset to benefit through 24 hours	Mindset to beautify all interactions	Serving the creation without expectation
Whenever a good thought comes to mind, act on it or make a plan to act on it.	Select seven of His Names each day and consciously connect to Him through those Names. For example, when needing guidance one recalls that Allah ﷻ is Hearing (As-Samī'), Seeing (Al-Baṣīr), and Guiding with wisdom (Al-Ḥakīm). When seeking peace, one remembers that Allah ﷻ is Near (Al-Qarīb), All-Seeing (Al-Baṣīr), and the Source of Peace (As-Salām).	You should recall 3 good qualities that an individual has. One should think the following to benefit: "How can I develop and increase this quality in myself?" This should be practised with one person everyday. With this mindset a person is constantly benefiting as they are looking inwards and seeing the person with the eye of self improvement.	Using the observation of others' defects as a means of self-improvement. Reflect on how to avoid these negative traits in oneself and direct any negative feelings towards the sin, not the sinner. Practised with one person everyday. One should think "How do I ensure I do not have this bad quality and do the same?"	At this level a seeker reflects on the good quality that is being misused for evil actions and asks themselves "do I have these good qualities at the level that this person has but misusing it towards evil?" Practised with one person every day.	After Fajr: Pleasing Allah عَزَّ وَجَلَّ After Duhur: Creating Ease After Asr: Fulfilling Needs of Others For more explanation refer to the explanations within the 2nd Stage Enlightenment of the Mind.	After Maghrib: Gratitude for Goodness Received After Isha: Forgiveness Tahajjud Time: Donating Good Deeds For more explanation refer to the explanations within the 2nd Stage Enlightenment of the Mind.	The mindset of the believer should be that whenever he interacts with anyone or anything he should leave it more beautified than when he/she started. This is a principle that can be applied in all aspects of one's life. Eg. A person can tidy their bed and leave a good fragrance so it is more beautified when a person returns.	Removing all expectations of goodness from creation and directing them towards Allah عَزَّ وَجَلَّ only. One should begin to implement this mindset whenever serving the creation and now place their expectations in Allah عَزَّ وَجَلَّ only.
