The 3 simple steps

1. Mindful of Divine Presence

Allah is with you, Allah is watching, Allah is listening

The Messenger of Allah ﷺ said, "Excellence is to worship Allah as if you see Him, for if you do not see Him, He surely sees you" (Sahih Muslim). During your waking day, at the start of each hour, take a moment to remember the Presence of Allah عَزَّ وَجَلَّ, reflecting that He is with you, seeing you and hearing you. As you do this, connect your mind with Allah عَزَّ وَجَلَّ. Track your progress by placing a tick each day.

The Messenger of Allah ﷺ said, 'O Abu Dharr, shall I not inform you of two virtues which are lighter on your back and heavier on the scales than any other?' He answered, 'Of course, O Messenger of Allah.' He said, 'You should have good manners and observe long periods of silence. I swear by He in whose Hand is my soul, no one can perform better deeds than these two virtues.' Source: Shu'ab al-Iman lil-Bayhaqi 4591

Purification of the Mind

Purification of the Mind

Tick across every day if the condition is met, however if the condition is not met then put a cross (X) on that date and start from the beginning. Practice one level at a time. If you practice a level for 30 consecutive days move on to the next level.

Removing harmful and destructive thoughts, and living in the Presence of Allah

Level 1 Purification of evil and sinful thoughts. When a sinful thought appears: ignore it, enter the Presence of Allah ﷻ, seek refuge (Aʿūdhu billāhi mina sh-shayṭāni r-rajīm), then turn your attention to something lawful and wholesome.

Level 2 Hourly refresh of the Presence of Allah ﷻ, seeking goodness and protection. Every hour refresh the Presence: "Allah is watching me, hearing me, and with me." During everyday actions ask Allah from the heart for goodness and protection. If you forget, refresh as soon as you notice.

Level 3 Seek Allah's permission before needs and tasks. Before eating, drinking, resting, travelling, messaging or buying, seek permission from the heart: "O Allah, allow and bless this for me." Then proceed with Presence.

Level 4 Sunnah duʿās for daily actions (with Presence). Learn the Sunnah duʿās for daily actions (waking, dressing, leaving home, eating, travel) and recite at least 5 a day with Presence and meaning, adding one new duʿā each week.

Level 5 Tafakkur (reflection): seeing Allah's signs in creation. Each day write 7 reflections that connect what you see to Allah's Names and Attributes, e.g. "The sweetness of fruit reminds me of al-Raḥmān's Mercy."

Level 6 Tadabbur (deep thinking): seeking lessons and positive meanings. Each day write 7 lessons from the things you encounter, e.g. "The tree teaches humility and shade-giving service." "The vast sky teaches me to raise my aspiration."

Level 7 Overcoming suspicious thoughts (suʾ al-ẓann). When suspicion arises: pause in the Presence of Allah ﷻ, list three good excuses for the person, and write down the lesson you can take for yourself.

Level 8 One hour of Presence after each ṣalāh. After each of the five daily prayers, remain in the Presence of Allah ﷻ for at least one hour, refreshing it every 15 minutes.

Level 9 Presence before ṣalāh (the lead-in hour). In the hour before each prayer, refresh the Presence of Allah ﷻ every 15 minutes leading into the iqāmah.

Level 10 Presence in sleep (completing the 24 hours). Sleep in the Presence of Allah ﷻ: make wuḍūʾ, recite the Sunnah duʿās, speak to Allah from the heart and close your eyes imagining His Name. If you wake in the night, recite the Sunnah duʿā with Presence.

Level 11 The Prophetic level of Presence (every half hour). Refresh and enter the Presence of Allah ﷻ every 30 minutes, the Prophetic rhythm that reflects the original 50 prayers. Begin this after completing all the previous levels.

Acting on good thoughts	**Deepening the Presence of Allah ﷻ through His Names and Attributes**	**Benefiting from developing a good opinion of others**	**Benefiting from seeing the defects of others**	**Seeing the deeper wisdom behind bad traits**	**Mindsets to benefit in the day**	**Mindsets to benefit through the 24 hours**	**Mindset to beautify all interactions**	**Serving the creation without expectation**
Encourage and act on every good thought that comes to mind: act on it or make a plan to act on it. A good thought is like a guest: the more you entertain it, the more it visits.	Each day select seven Names of Allah ﷻ, and refresh His Presence through them, e.g. for guidance: Allah is watching me (Ar-Raqīb), hearing me (As-Samīʿ) and guiding me with wisdom (Al-Ḥakīm). For peace: He is near (Al-Qarīb), seeing me (Al-Baṣīr), the Source of Peace (As-Salām).	With every person you meet, recall at least 3 good qualities they have, focus on them, and ask: "How can I develop and increase this quality in myself?"	When you see a bad quality in someone, ask: "How do I make sure I do not have this bad quality and fall into the same mistake?" Direct any negative feeling at the sin, not the sinner.	Every bad quality is a good quality misused by Shayṭān. Ask: "Do I have this same quality, but am I misusing it towards evil?" Then encourage others to redirect the same quality towards Allah ﷻ.	After Fajr: pleasing Allah ﷻ in a way you never have before. After Ẓuhr: creating ease for everyone you meet. After ʿAṣr: asking Allah ﷻ to send you someone whose need you can fulfil.	In addition to Level 6. After Maghrib: thank everyone who did you any good. After ʿIshāʾ: forgive everyone who wronged you, and seek forgiveness. At Tahajjud: donate all your good deeds of the day to the Ummah and humanity.	Whenever you interact with anyone or anything, leave it more beautiful than before, by bringing benefit or by giving up your own rights. E.g. tidy your bed and leave a pleasant fragrance for when you return.	Remove all expectations of goodness from the creation and place them in Allah ﷻ alone. Any goodness from people then feels like a great blessing, and harm from them cannot break your heart.

Lawful desires

Level 1	Level 2	Level 3	Level 4	Level 5	Level 6
Base Desires ***(Hunger, Intimacy, Safety, Entertainment, Health, Acquire material)***	**Knowledge and Development** ***(Need to Grow, Adapt, Learn and Develop)***	**Acknowledgment & Approval** ***(Need to be known, appreciated, forgiven and accepted)***	**Control & Power** ***(Need to be in control, to be followed, to be listened to)***	**Self-Actualization & Purpose** ***(Need to have purpose, to have plans, goals, to have self-awareness)***	**Love & Connection** ***(Need to be loved, to feel connected and for companionship)***
Names Al-Razzaq Al-Mu'tee Al-Shafi Al-Mughni Al-Wahab	**Names** Al-Alim Al-Hakim Al-Musawir Al-Hadi	**Names** Al-Khabeer Ash-Shakur Al-Ghaffar & Al-Ghafoor	**Names** Al-Mutakabir Al-Malik Al-Qahar	**Names** Al-Badee Al-Awal & Al-Akhir	**Names** Al-Wadud Al-Mujeeb Al-Qareeb Al-Raqeeb As-Sami & Al-Basir
Example That firstly Allah عَزَّ وَجَلَّ is the source of all Rizq and it is Allah عَزَّ وَجَلَّ that has fulfilled your need. So when one spends money recalling and being in the presence of this name one can deeply ponder on all of that dependencies out of their control that Allah has facilitated that has led the person to eat, spend or work - and what a seeker will realize is that it is purely from the fadl of Al-Razaq and Al-Mutee that they have blessed a person and that the seeker is in no ownership of anything.	**Example** The seeker should bring in the presence of Al-Alim and Al-Hakim. Know that knowledge does not come from the self but from Al-Alim and Al-Hakim and imagine that a light is penetrating a persons heart and mind from the blessed sifats of Allah during these actions and that any knowledge entering a person or leaving a person is purely from Allah عَزَّ وَجَلَّ and not from themselves.	**Example** When a seeker does a good deed, act of service or any act where the desire of the Nafs feels that it wants appreciation from the creation and recognition the seeker should bring in the presence of Al-Shakur and Al-Khabeer. Deeply pondering that Allah عَزَّ وَجَلَّ is Al-Khabeer and is all aware of every action, intention, feeling and thought. If the king of all kings is aware then what value does the awareness of a servant have compared to the king?	**Example** When a seeker advises, instructs, manages, leads in any aspect of ones life. A person should deeply ponder that firstly Allah عَزَّ وَجَلَّ is Al-Qahar but inspite of Allah's power and dominance how many people still disobey Allah عَزَّ وَجَلَّ. So who are we to demand power and authority over others and force them? Secondly a seeker should deeply ponder on the real owner of all power and authority is Al-Malik and that a person is just a means to serve the hukm of Al-Malik.	**Example** When planning / when thinking of the future Be in the presence of Al-Awal and Al-Akhir, that perhaps a person plans but Allah عَزَّ وَجَلَّ is beyond time and space, that they see what is best for us and that time is in their control. Example 2 When reflecting on ones own unique qualities and abilities A seeker should reflect on how Allah عَزَّ وَجَلَّ has uniquely originated the seeker wholly unique from any other creation and any other servant, and is the originator of every unique gift a person has through Al-Badee	**Example** A seeker should be in the presence of Al-Raqeeb, and Al-Mujeeb that a seeker is never alone and no speech of the seeker to Allah goes without being listened to and responded by Allah عَزَّ وَجَلَّ. Secondly a seeker should ponder on that with people you have to pick an appropriate time to speak with them, but what to say about the king of all kings, who responds to you at any moment? A person should ponder that any love received by the creation is really a extension and reflection from Al-Wadud - that it is the love of Allah عَزَّ وَجَلَّ that has inspired a person to love another person, be it a mother for a child, or a husband for his wife. One should be in the presence of Al-Wadud and realize every blessing is an extension and expression of Allahs love for his servant.
